Trash is to be taken out by 7AM on the day of collection.

Illegal dumping or burning of trash is prohibited by law.

Please do not use the trash collection points of other neighborhoods.

The trash which has been left at this collection point can only be collected by the city or collection companies who have been approved by the city.

When throwing away exceptionally large amounts of trash due to moving house etc.

- Transport the trash yourself (make reservation, pay the fee)

Burnable Household Waste

Every week Wed. and Sat.

- Please make sure to place in a transparent or semitransparent bag.
- Kitchen waste
 - * Remove excess water prior to disposal
- Fireworks and matches
 - * Make sure to douse with water
- Tempura oil
 - * Soak tempura oil into old papers or cloth
- Disposable diapers
 - * Dispose of diaper contents into the toilet before discarding the diaper
- Aluminum containers
- Shoes and leather goods
- Drying agents, refrigerants and disposable heat packs
- Paper waste and small cloth pieces
- Plastic goods
 - * Make sure to remove batteries
- Grass and dead leaves (Up to three sacks allowed per time) (Try to put them out in the latter half of the week)
 - * Remove excess dirt
 - Please put the following into burnable bulky waste
 - Tree Branches
 - Large amounts of grass and leaves

Non-Burnable Waste

3rd Monday

- Nabe cooking pots
- Umbrellas
- Magnets
- Metal goods
- Skis and snowboards
- Golf clubs
- Pipe beds
- Musical organs and keyboards
- Printers
- 18L drums
- Empty paint cans
- Empty cosmetic bottles
 - * Make sure container is empty
- Household Appliances
 - * Items which do not incur extra recycling costs
- Oil fan heaters
- Oil stove
 - * Make sure to remove dry cell batteries and drain oil
- Bicycles
 - * Clearly label with a piece of paper

Due to fire hazard, empty contents and separate from other materials

- Spray cans
- Gas canisters
- Lighters

Place in spray can containers

Make a hole on the outside of the can away from the presence of fire

Broken or dangerous items, sharp objects and blades

- Knives
- Shaving razors
- Empty bottles of agricultural chemicals or potent medicines (please wash thoroughly before disposal)
- Ceramics, porcelain and chinaware
- Glass tableware
- Lightbulbs
- Glow lamps
- Needles and nails
- Glass, etc.

Place broken and dangerous items in a well-marked sack or box. Wrap the blade edge in paper or cloth and clearly label.

Burnable Bulky Waste

3rd Monday

- Items that will fit in a 45L trash bag can be disposed with the burnable household waste.
- Remove as many of the metal components as possible and put out with non-burnable waste.
- Futon, Cushions, Pillows, Blankets
- Curtains, Carpets, Rugs
- Electric blankets
- Hot carpets
- Electric kotatsu tables
- Wooden furniture

- Suit cases (non-metallic)
- Ski shoes
- Fishing poles
- Sofas, Mattresses (including those with springs)
- Large sized plastic goods
- Leather goods etc.

Electrical cords should be cut and disposed of as non-burnable trash

Tree branches

- * Thickness should be roughly 10cm or less
- * Cut into lengths of 1m or less and tie up

When putting out large amounts of tree branches, please take the trash directly to Mito Inhabitant Recycling Clean Center, or request collection by a certified waste collection service (extra charges will be incurred).

Tie up with string

Tie up with string and make compact

Items containing mercury

- Dry cell batteries, lithium single-use batteries, button batteries
- Fluorescent lights
- Mercury thermometers

Put out in a dry cell battery collection box

Put out in fluorescent light collection box

Place in the boxes of replacement lights to prevent them breaking.

Wrap with thick paper and clearly label.

Small rechargeable batteries with the recycle mark should be dropped off at vendors that accept recycled goods. Battery Association of Japan <http://www.baj.or.jp/>
